CIRCLE KUNSON ZIKKEN
P. 200

I was 16 the first time I took part in an expedition to defeat Sin as a guard...
As a novice black mage I was hand-picked by the Summoner to be a member

It's okay to be nervous

Ah...

Have you prepared yourself?

Um...

Oooh... You're already here

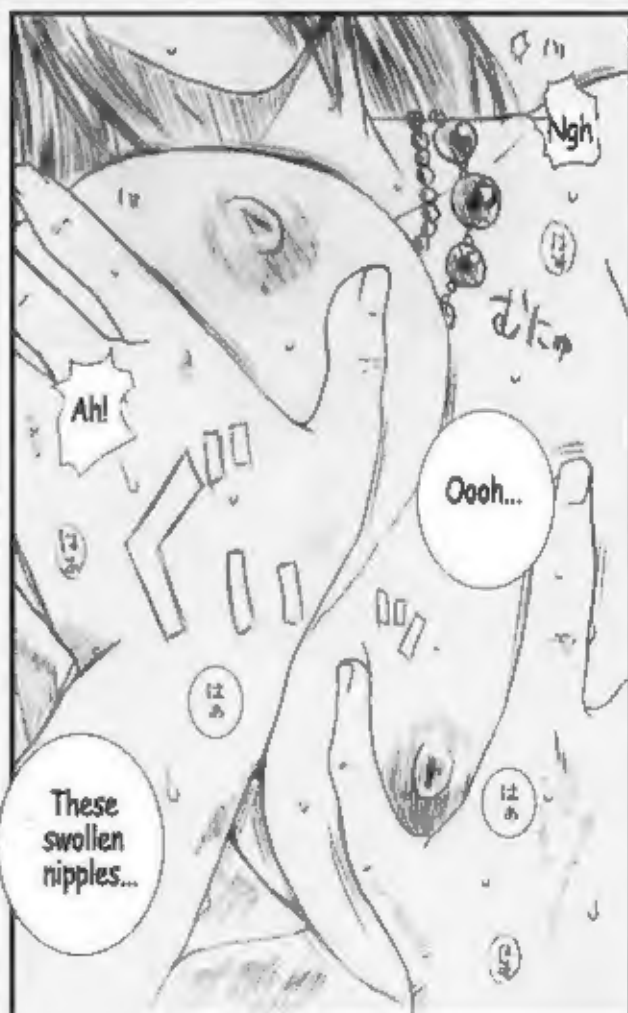

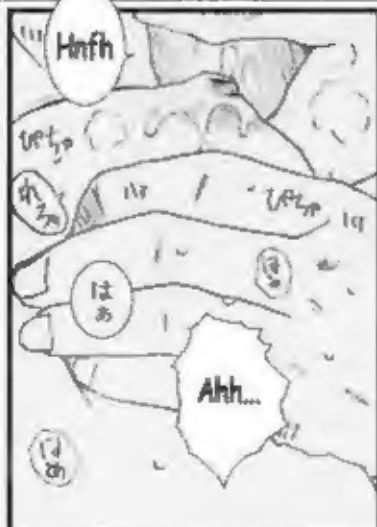

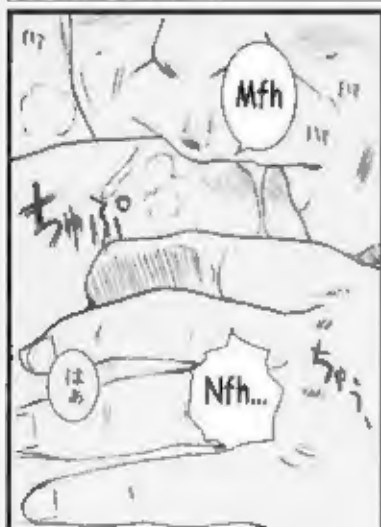

And without
thinking I
gave my
tearful
consent

This time my
client had some
ideas about other
important duties
I could perform
on our way to the
confrontation with
Sin

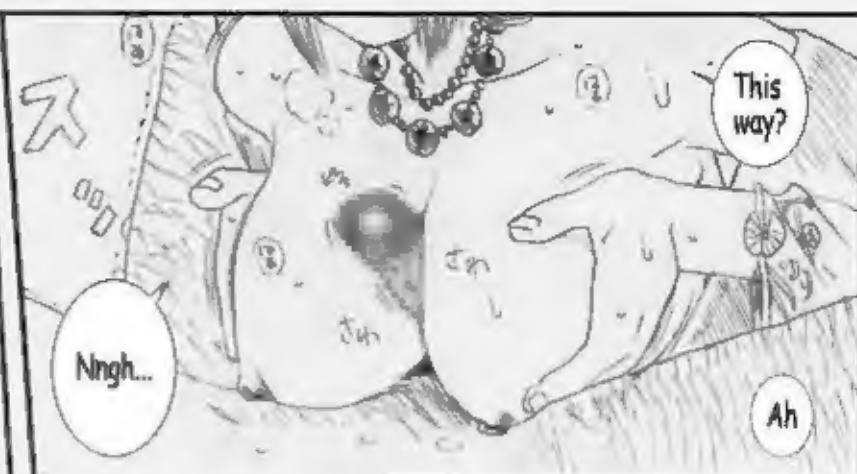

Heh, heh...
They look great
up close...

These
swollen
nipples...

In the still night, the sound of heavy breathing filled the bedroom

A spurt of fluid surged between my tits and he let out a disgusting noise. Even worse, I started getting turned on by it...

Like this?

Y-Yes Sir...

Now do it length-wise...

Th-This is great...

Ah...

Oooh... Wow!

Ah

Nngh!

But he wasn't finished yet.
My client went right at my pussy with his tongue...

Ah!
What are you...?

YAHHH!

Ah!

Agh...

Hah!
Now for some of this!

His cock got hard from that once again

Nmgfh!

...and he filled my mouth...

Ackh!

Gahhh!

Ah

Not at all,
not at all...

This is
perfect

Eh...?

Are we
a little early,
perhaps...?

Right,
Sir?

Ahh

Ah

Heh,
heh...
If you
insist...

Heh...
It's important
for people on a long
journey together to
"get to know" one
another

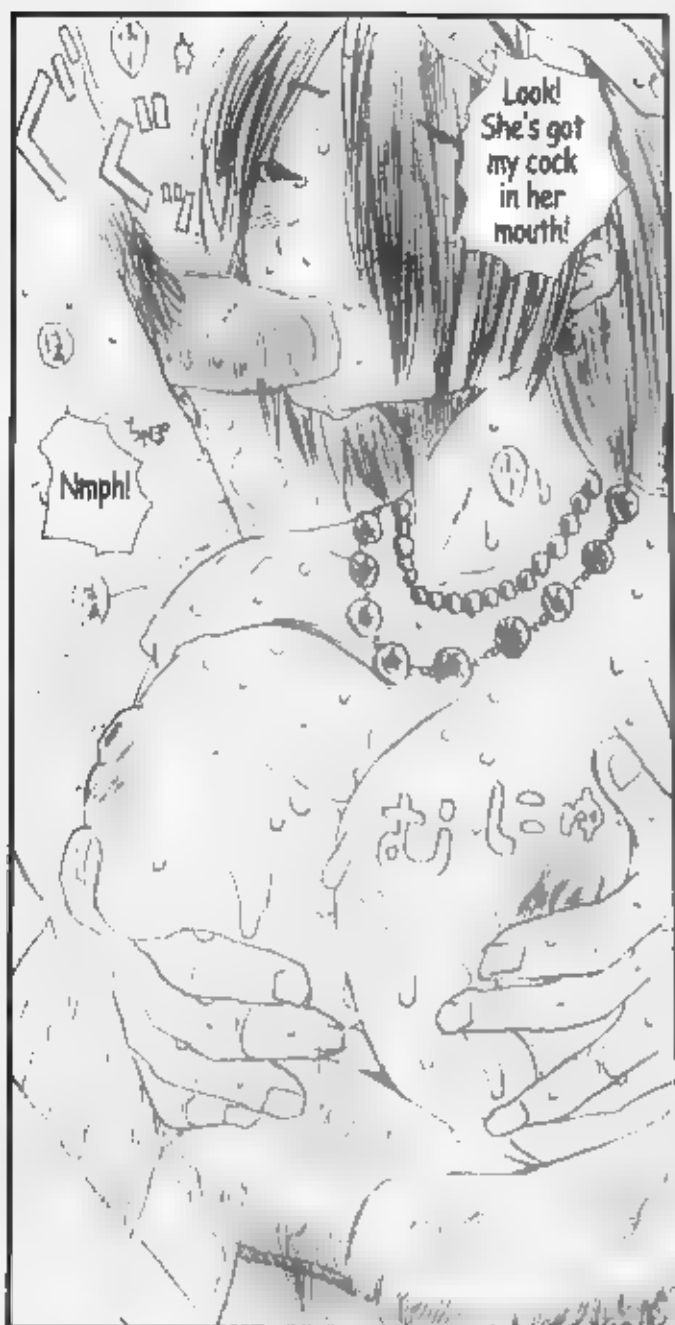

Ah...

Looks
like your
little partner's
about spent
too...

Now it's
our turn!

Ah

And now I
have to deal
with the
senior guards'
cocks...

She'd
just make
a mess!

Why?
Why did I
join this
summoner...?

...she'd
just get
in the
way!

I think
if we were
fighting
today...

Nnnh

Ahh!

You have
to let me
have these!

I'm
gonna use
this part!

Yahh!

Wait!

Hmm,
let's see...
I guess I'll
take this
hole!

No!
Not
there!

Ahh...

Two at a time...
They're even in
my ass...

Hyahh!

Yahhh!

This girl is
an important
ally, after
all...

Ah!

Hmm...
Aren't you guys
being a little
excessive?

Oh god...

Ahhh!

Ahhh...
Feels so
good!

Nfhl

Now I see...
From now on
I will be
theirs to
use...

Wow...

Hngh!

Nmfhl

And that was only the beginning. It continued the next day as if it were the most natural thing in the world...

...and the day after that as well... I was forced to be their cumdump

In the middle of
the forest...
In back alleys...
Even in caves...
They used me
everywhere

Yahhl!

AH!

AH!

They thought of
nothing but their own
perverse desires,
drenching me in
their filthy cum

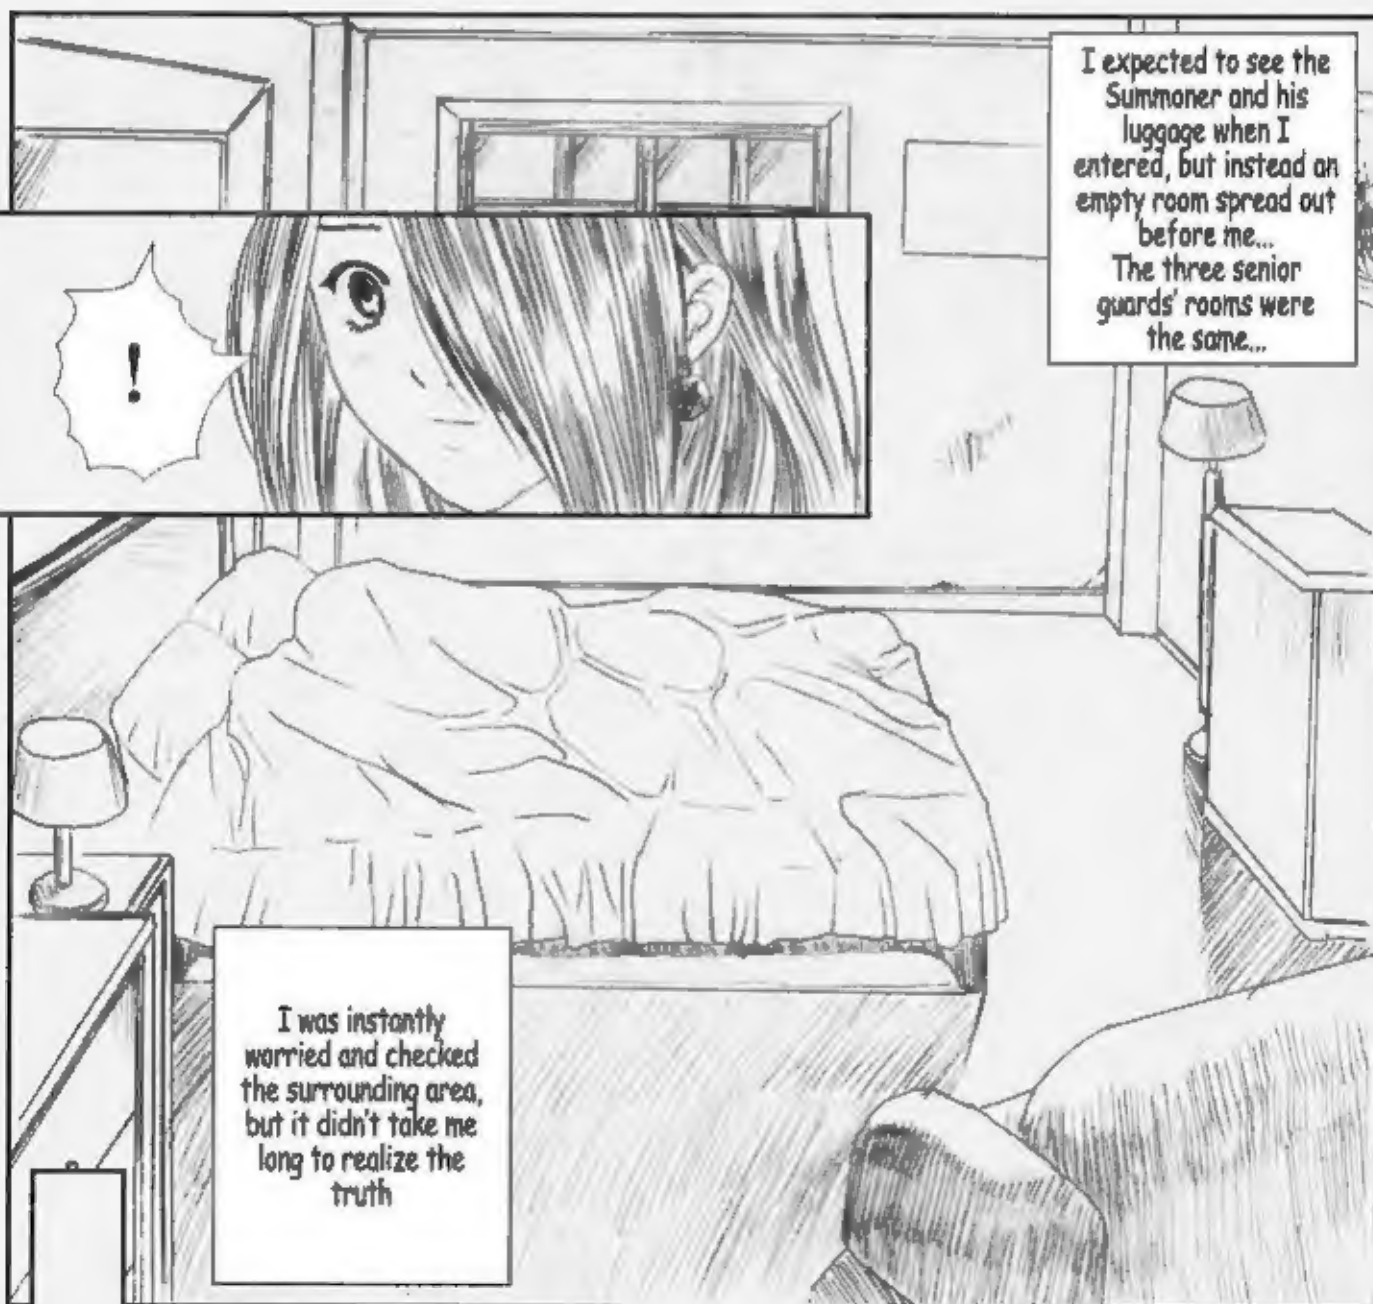

Heh,
heh...

Ahhh!

Hahhh

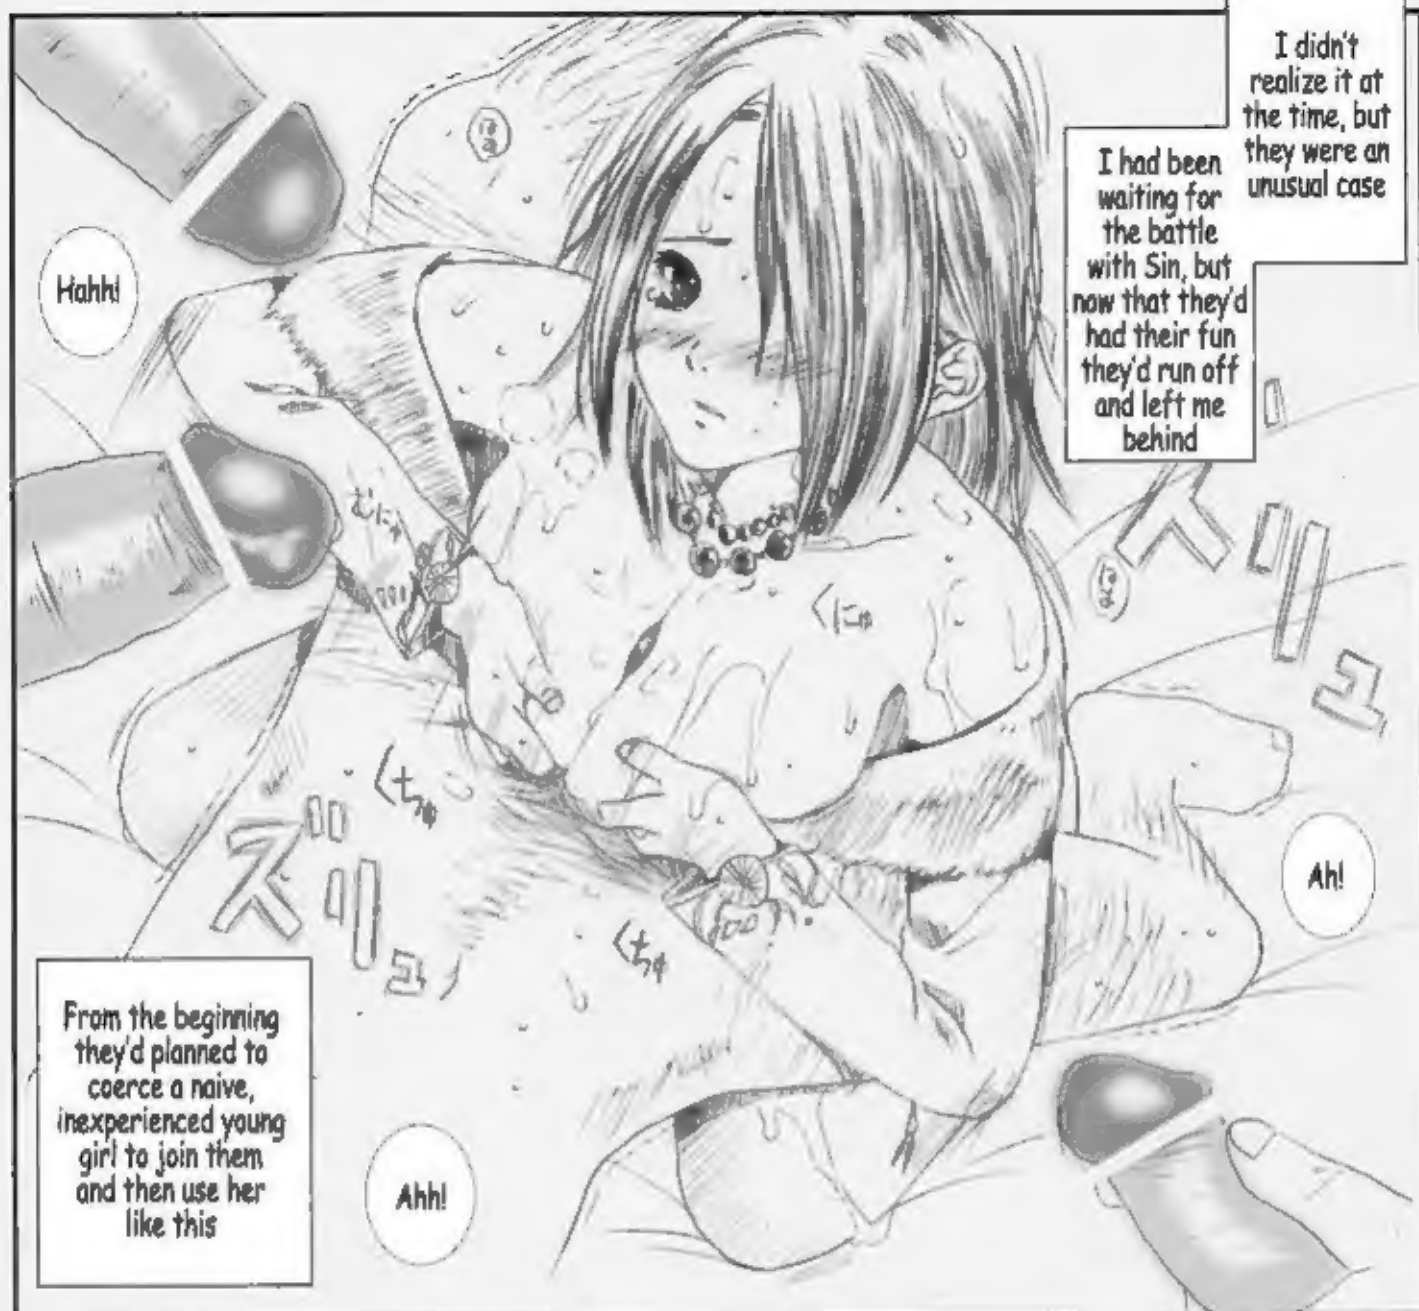

The days of that terrible life flowed by until half a year had passed. Finally, the day arrived when we would confront Sin. That morning...

I expected to see the Summoner and his luggage when I entered, but instead an empty room spread out before me... The three senior guards' rooms were the same...

I was instantly worried and checked the surrounding area, but it didn't take me long to realize the truth

I didn't realize it at the time, but they were an unusual case

I had been waiting for the battle with Sin, but now that they'd had their fun they'd run off and left me behind

Hahh!

Ah!

From the beginning they'd planned to coerce a naive, inexperienced young girl to join them and then use her like this

Ahh!

And so, that is how my first Sin expedition came to an end

That was the only reason for the journey at all...
